

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give away his paper. The free circulation of a newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls
Upon The Ledger for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers,
receptions, fairs, or other public entertainments, notice of a fee is charged, and for ordinary notices, reduction of space, etc. The Ledger will charge five cents a line, and hereafter this will be the reasonable rate. This, however.

Does Not Include
notices of Lodge meetings or Church services, which must not exceed one line.

Avoidance of Disputes.
Misunderstandings are unpleasant. The rate for Business Notice in The Ledger is 10 cents a line. For the insertion and 5 cents a line for subsequent insertions. A five-cent line for the subsequent insertion inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—20 times the bill is \$10. When he finds it out, there is a "kick" and a controversy followed probably by an ill feeling. Now, to obviate this trouble, "Gift" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

Why Not Try Paine's Celery Compound?

The loss of a single night's sleep tells in the drawn expression on the face and the sluggish powers of the mind. When this unfortunate privation continues night after night, no one can shut his eyes to the disastrous outcome.
Debility, neuralgia, headache, dyspepsia, melancholia and that dread paralytic follow.
Physicians know the peril of sleepless nights. In every case brought under their care narcotics are rigidly kept away, because momentary relief leaves matters worse in the end. A permanent cure that looks to a rapid nourishment of the nervous system is found in Paine's Celery Compound. Nothing performs the needed service so surely and so rapidly.

It is the greatest nerve and brain restorative the world has ever known. The wonderful formula for Paine's Celery Compound is no secret to the medical profession. It is not a patent medicine. Its absolute freedom from any deleterious substance is an assured fact vouched for by the ablest physicians in the country, and by the eminent Professor Edward E. Phelps, M. D., LL. D., of Dartmouth College, who first prepared it.

Sufferers from neuralgia, neuralgic headaches and rheumatism should stop short their morphine, quinine and such pain-killing drugs. No cure can be hoped for from these temporizers. There is one way of getting rid forever of the

causes of all this suffering; that is by taking Paine's Celery Compound. In this great modern remedy the real means to health is attended to; sleep is made sound and refreshing, the appetite improves and the nerves stop complaining, because they get the nutriment that nature requires. This is the fundamental, rational way that Paine's Celery Compound takes to be able to cope successfully with diseases of the liver, kidneys and stomach, and to guarantee a complete return of sound sleep, good digestion and a quiet, well-regulated nervous system.

Paine's Celery Compound permanently cures diseases of nervous origin. It makes the sick well again.

Major C. T. Perton is Manager of the State Hotel at Denton, Texas, which the traveling men say is one of the best hotels in that section. In speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy Major Perton says: "I have used it myself and in my family for several years, and take pleasure in saying that I consider it an infallible cure for diarrhoea and dysentery. I always recommend it, and have frequently administered it to my guests in the hotel, and in every case it has proven itself worthy of unequalled endorsement." For sale by J. James Wood, Drugist.

The Ledger wishes its Patrons, one and all, a Merry Christmas and a Prosperous New Year; and as Prosperity is essential to happiness, it presents the channel through which it may be secured. A well-worded and well-displayed Advertisement in our Christmas Page—to run the entire week preceding Christmas—will cost but little, and it will be read by not less than 5,000 people each day. This Page will be especially attractive, and the price of cards has been placed at a very low figure. The outlook is flattering for a big Holiday Trade, and we want to help our Patrons get a good share of it. Speak quick for choice positions.

J. W. Overby has been appointed Postmaster at Piqua.
Dr. John A. Mitchell is seriously ill at the home of Mr. C. P. Vawter of Springfield.

PROPOSED NEW PARTY.
Will Be One If the Old Ones Don't Do Right.
During several days of last week the National Council of Patriotic Organizations was in session at Washington City. Delegates were present representing over 8,000 members, and the platform adopted covers these points:
Demanding that stringent laws be enacted by Congress to restrict immigration;
That no public funds be appropriated for any sectarian purposes, and indorsing the proposed sixteenth amendment to the Constitution of the United States;
That no state shall grant the right of suffrage to any person not a citizen of the United States;
Demanding that all property—public property alone excepted—be subject to equal taxation.
A committee was appointed to attend the National Conventions of the political parties for the purpose of inducing them to incorporate these principles into their platform, and in the event that none of the political parties recognize these principles, steps will be taken to form an American party.

The father of Mrs. Kilgore of the Washington neighborhood died in Adams county, O., this week.
What is said to look very poorly the county over, and the weather is experiencing in its weak condition is very hard on it.
"Why, I am surprised to see so large a stock of Christmas goods" is the talk of the city at J. T. Kaskley & Co.'s. Come and see.
The advertising columns of THE LEDGER speak for themselves. They show that people who know how to advertise know also WHERE to advertise.
It is said the reason Chicago lost in the fight for the next Republican National Convention was that she was unable to furnish a guarantee for \$100,000.
Mr. Joseph Larkin and others of the Washington neighborhood were at Cincinnati this week selling tobacco, and report a rather discouraging market.

The merchants of Ashland had got their thinking caps on, and are wondering whether the proposed bridge over the Ohio will most benefit Ashland or Iron-ton.
The gross earnings of the L. and N. for the first week in December were \$498,710, an increase of \$4,005 over 1894, of \$20,845 over 1893, but still \$51,405 shy of 1892, the last Republican year.
The show-window of Theo. C. Power's Drugstore is most attractive. It is, to say the least, unique; and if there should be as many frogs in your throat as there are in his window, the remedy is adequate.

The wife of Dr. D. Robinson, a prominent lumberman of Hartwick, N. Y., was sick with rheumatism for five months. In speaking of it, Mr. Robinson says: "Chamberlain's Pain Balm is the only thing that gave her any rest from pain. For the relief of pain it cannot be beat. Would Please the Professor.
Washington Star.
"Mister," said Reginald de Bumme to the man who looked as if he must be a college professor, "have you the price of a shave to spare?"
"Why, what do you want with a shave?"
"I didn't say I wanted a shave. I said I wanted the price of a shave. The price of a shave being 10 cents, and the price of a drink being 10 cents, the two phrases are practically synonymous, and I merely took the liberty of substituting one for the other for the sake of euphony. See?"

THE TAIN ON HIM.
Pardon Convict Pushed Along as Not a Good Thing.

Henry Wilson, who was a few days ago released from the Frankfort Penitentiary, where he had been confined for murder, was arrested in Cincinnati.
At the time of his arrest his identity was not known, but as his actions aroused the suspicion of the officers he was taken to Bremen Street Station.
When searched a pardon, signed by Governor Brown, was found in his pocket.
One of the conditions of the pardon is that Wilson should leave the state of Kentucky and never return.

He was taken before Colonel Deitch and ordered to leave the city.

NOT DEAF AND DUMB.
Postoffice Regulation Enforced by an Information Secker.

New York Sun.
The numbers have been changed since College Place has become part of West Broadway, and persons who know only the old numbers have difficulty in finding places under the new.
A seeker for information on this point made inquiries the other day of a post man who was in the act of opening a letter-box. The postman, in place of an answer, showed the inquirer aside.
When the inquirer was repeated the postman put his finger on his lips and gave another shove.
The inquirer thought the postman deaf and dumb, but not crazy, but the postman, after closing the letter-box, in which he had made changes in the movable numerals giving the hours of collection, said:
"We are not allowed to speak when the box is open. I would be discharged if I were seen to speak to you then. What is it you want?"
He then gave the desired information.

VOTED FOR BRADLEY.
He Came All the Way From Washington City, Too.

Little Johnny Whalen was one of the Government employees who came from Washington to vote this fall.
Our correspondent had frequently wondered what had become of Johnnie, and supposed he had either been gathered to his fathers or had returned to Dublin, but all unbeknownst to him Johnnie was eating pie at headquarters.
Now for the denouement.
Johnnie is of a convivial turn and likes nothing better than a jag. So being from under Government surveillance he determined to indulge himself.
Now, Johnnie had cut many a funny caper in his time, and doubtless a good many that were not funny.
Once upon a time the said Johnnie walked out of Joe Ryan's back door at Washington, which was some twelve feet higher than the front, and gathered himself up and kept on as if nothing unusual had happened, while everyone thought he had surely broken his neck.
The caper he cut this time, though, beats his doer feat, we think, for they say at Washington that Johnnie, while in his cups, admitted that he cast his vote for Bradley, and that he came on for that identical purpose.

It is any wonder that the Democrats were beaten when everybody was against them and they were against themselves?
It reminds us of the time the McMurtry war was on at Washington, when Dick Henry and John Gaster were in a fight about the case. Everybody was following "Hurrah, Henry! Hurrah, Henry!" when Gaster, hearing no one following for him, ineffectually broke and ran and who could blame him, with no friends in sight or sound?

Senator Thurston has introduced a bill providing for the sale of the Government's interest in the Pacific Railroad to the highest bidder.

The Capital says it is estimated that the Kentucky Midland train brought in 1,300 people on Tuesday, and the L. and N. 2,000 more. Counting the thousands or more already there, the total number of strangers at Frankfort during the inauguration must have been about 5,000.

Few of inauguration day's great crowd knew of Governor Bradley's personal encounter or how he knocked out a pickpocket. The latter, working with confederates, went to engage the Governor in a personal encounter, expecting that a greatly excited crowd would gather and be easily fleeced. He had gotten along so far when he called the Governor a liar, but the new Executive knocked him down so quickly and he was carried off so quickly that no crowd had time to gather, and his "pals" could do nothing but sneak away.

Who does not know women and young girls who are continually in tears? Who always see the dark side? Who have frequent fits of melancholy without any apparent cause? The intelligent physician will know that it is some derangement of the complicated and delicate feminine organs. The young girl suffers, bodily and mentally, in silence. There is undue weariness, unexpected pain, unreasonable tears and fits of temper. Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate organism. It is an invigorating tonic and is specific for the weaknesses, irregularities and painful derangements of women. Careless, easy-going doctors frequently treat such cases with opium, biliousness, nervousness, dyspepsia, liver or kidney troubles, when the real sickness is in the organs directly feminine, and no help can come until they are made perfectly strong by the use of Dr. Pierce's Favorite Prescription. Send 12 cents in one cent stamps to Dr. Pierce's Dispensary Medical Company, Buffalo, N. Y., and receive Dr. Pierce's 108 page common sense medical adviser, illustrated.

A Sufferer Cured

"Every season, from the time I was two years old, I suffered dreadfully from erysipelas, which kept growing worse until my hands were almost useless. The bones suffered so that they would bend, and several of my fingers are now crooked from this cause. On my hand I carry large scars, which, but for

AYER'S Sarsaparilla, would be scars, provided I was alive and able to carry anything. Eight bottles of Ayer's Sarsaparilla cured me, so that I have had no return of the disease for more than twenty years. The first bottle seemed to reach the spot and a persistent use has perfected the cure."—O. C. DAVIS, Wautoma, Wis.
